## To Your Health: January 2017

### WYH Named Capital Region Chamber's WBC 2017 Adopted Charity

Whitney Young Health is happy to announce we have been chosen as the 2017 Adopted Nonprofit for the [Capital Region Chamber Women's Business Council \(WBC\)](#).

This collaboration will bring awareness (and hopefully funds) to our organization to help keep our facilities and services intact and support our expansions in providing quality healthcare.

Capital Region Chamber

### Over \$10,000 Raised in End of Year Giving Campaign

Whitney Young Health is happy to announce that **\$10,132** was raised during our End of Year Giving Campaign. The funds raised will go towards providing crucial healthcare needs to those who are under-insured or even have no insurance at all.

Everyone at WYH would like to thank each and every person who donated and supported us not only during the campaign, but throughout 2016 as well. Your contributions will keep families happy and healthy. *We couldn't function without your support!*

---

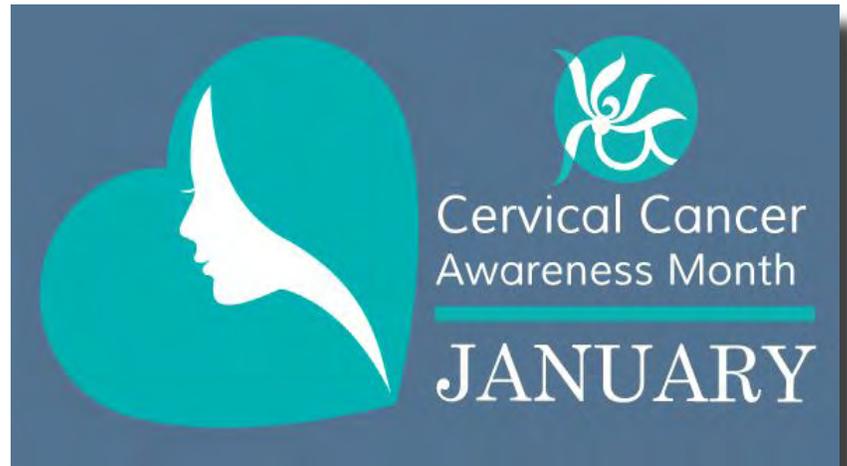

## January is Cervical Health Awareness Month

---

Did you know that almost 13,000 women in the United States are diagnosed with cervical cancer each year?

Fortunately, the disease is almost always preventable. Prevention can be done through vaccination and other appropriate screenings such as Pap and HPV tests.

To get the facts on staying safe, read more [here](#).

## Thank You Barnes & Noble Supporters

---

Throughout the holiday season, [Barnes & Noble](#) in Colonie Center hosted their annual Holiday Book Drive where customers could donate children's books to local organizations such as Whitney Young Health. Due to their generosity, we received **3,834 books!**

These books will be given to our pediatric patients at their well-child appointments. Thank you to all who participated! Your gift helps start a child's love of reading!
