To Your Health: November 2016

Whitney Young Health Announces Campaign for Smiles

Whitney Young Health President and CEO David Shippee announced the launch of the Campaign for Smiles, a fundraising effort to support expanded dental care in the Capital Region.

The Campaign for Smiles will support the relocation and expansion of WYH's Albany Dental Practice and increase the capacity of the dental practice while modernizing and updating equipment. It will also support dental care for low-income populations throughout the Capital Region, particularly children.

Legacy Event 2016

Legacy Event 2016 was a great success!

It was a beautiful evening honoring not only the continuous good Whitney Young Health does in the community, but also our honoree, Leroy Twiggs, who is the embodiment of someone who has had an incredible legacy when it comes to helping others.

Thank you to all those who attended, sponsored and have been a part of our legacy.

Go to our Facebook page [here](#) to see more photos from the night.

WYH Names Building, Expands Integrated Care Delivery

The Harry and Jeanette Weinberg Treatment Center was recently remodeled with funding from the Harry and Jeanette Weinberg Foundation, federal funding through the Affordable Care Act, state funding through the Department of Health and other local supporters.

The facility is leading the way in fully integrated primary care and behavioral health services.
