Adopt a Smile

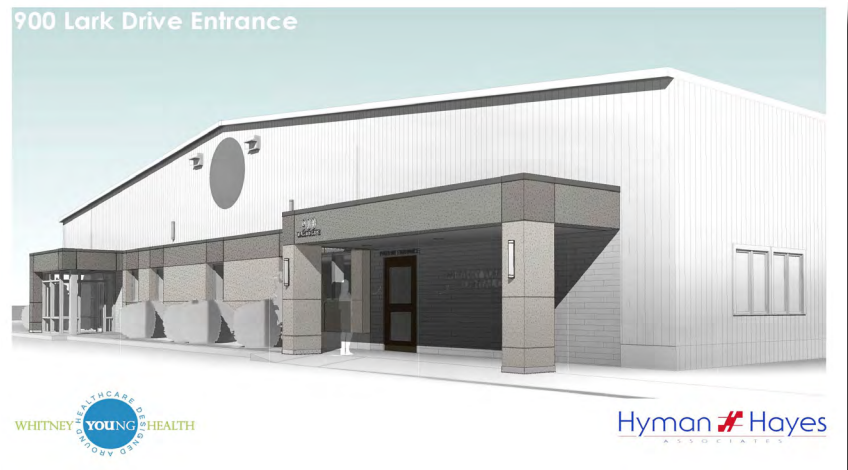

Now is your chance to “Adopt a Smile!” With a \$10,000 commitment to the Campaign for Smiles, you have the opportunity to exclusively sponsor one of the 50+ schools participating in our Seal a Smile Program. Branding opportunities are available along with annual reports on the progress made at each school.

Meanwhile, your \$10,000 commitment could make possible:

- Transportation for 20 children per week for 3 years from their school to our dental practice;
- Purchase of complete dental furniture for one of our new operatories; or
- Routine dental assessments and cleanings for one year for 53 people who have no dental insurance.

Multi-year pledges are welcome. To learn more, contact Maureen Yee at (518) 465-4771 or myee@wmyhealth.org.

Our Vision

Our architects, Hyman Hayes, envision a fabulous modern façade for our new Albany Dental Practice at 900 Lark Drive in Albany. Inside, we’ll have more space to see more patients and provide even better oral health care!
